 COMMISSIONER FOR PATENTS
 PO Box 1450
 Alexandria, VA 22313-1450

Dear Sir:

Assignee hereby renews its petition to the Office to accept an unintentionally delayed claim for priority for 11/031,100. In addition, Assignee is also filing accompanying petitions to the Office to revive U.S. Patent Application Serial No. 09/454,457 so that a priority claim may be entered in that patent application and to accept an unintentionally delayed claim for priority in 09/454,457.

As required by 37 CFR 1.78 (3) and (6), for the current petition, Assignee hereby states that the entire delay in filing the priority claim was unintentional. The priority claim as made in the above-identified application was in error and made in good faith with no deceptive intent.

As required by 37 CFR 1.78, this petition is accompanied by an amendment for the above-identified application correcting the claim for priority. Also, in compliance with 37 CFR 1.78, this petition is accompanied by the fee set forth in 37 CFR 1.17(t).

CONCLUSION

In view of the foregoing, it is respectfully requested that this renewed petition be granted, along with the accompanying petitions, and that the accompanying amendment be entered in the above-identified patent application. If the Examiner has any questions, he is invited to contact the undersigned at (503) 439-6500.

Please charge any shortages and credit any overcharges of any fees required for this submission to Deposit Account number 50-3130.

Respectfully submitted,

Dated: 10/14/08
